## Driving decarbonization and digitalization. Together.

# Senior Engineer Business Intelligence and Analytics (f/m/div)

## Job description

If you're a maestro of metrics, a connoisseur of correlations, and a virtuoso of visualization, then saddle up because we've got a data frontier waiting to be conquered. Bring your flair for forecasting, your penchant for patterns, and your wizardry with algorithms, and let's chart a course to new data-driven horizons together.

In your new role you will:

- **3rd Level Support** and Application/ **Platform Lifecycle Management** in the area of Production Datawarehouse & Reporting Solutions
- Continuous enhancement of our **Production Reporting Platforms** using various technologies (Oracle, Hadoop, Denodo, ...)
- Define, design, build and enhance business intelligence solutions
- **Partner up with management**, application owner, key business customer and team members for the delivery of regional / global services
- Ensure that **systems, processes and methodologi**es as specified are followed to ensure **effective monitoring**, control and support of service delivery
- Incident and Problem Management to support our internal Infineon customers

### Profile

You are best equipped for this task if you have:

- A degree in Computer Science, Information Technology or similar
- Some years of work experience in the area of Information Technology/ Business Intelligence
- Knowledge in SQL and PL/SQL in Oracle and know-how in MS SQL Database
- Understanding of ETL technique, data modeling, and performance optimization
- Experienced in data warehousing projects is an added advantage
- Good analytical troubleshooting, problem-solving skills
- Able to w ork independently with minimal supervision
- Good communication skills in German and English

We are looking to fill this position through one of our partners. A valid Austrian work permit is a prerequisite. Our partner offers a payment of 3.665,31 EUR (gross) per month (14 times p.a.) according to the collective agreement for workers and employees in the electrical and electronics industry. A higher payment is negotiable depending on your expertise and skills. Furthermore, Infineon offers additional employee benefits.

## Why Us

#### Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

The **Information Technology department** has become an important business advisor for Infineon, converting business requirements into great IT solutions. It is responsible for provisioning hardware and software solutions at benchmark costs for all areas within Infineon reaching from office users to research & development, to frontend and backend production around the globe. More than 1000 IT-colleagues work closely together with other business areas and external partners. They increase the efficiency of business processes offering more than just modern equipment, secure infrastructure and newest communication solutions.

At **Infineon in Villach** you shape the technologies of tomorrow and work in an international environment with more than 4700 colleagues from over 70 nations. Your personal contribution will be valued and appreciated as the cornerstones of our success. And all that in beautiful surroundings which guarantee a high quality of life.

The **City of Villach** is located in the center of Carinthia, Austria's southernmost province, in close proximity to the Italian and Slovenian border. Living in Austria has many social, health-care-related and economic perks. The country's social and health care system is among the best in the world and for decades numerous international surveys have singled out Austria as a particularly safe and wealthy country with a high quality of life. Villach itself benefits from its status as a "small town", offering everyday living at affordable prices in an outstanding setting.

#### We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant 's experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
