Get access to AURIX Documentation

- › Go to: „My Profile“ and click: „Request your promotion form here“. This button is either found at the top or at the bottom of the page:

The screenshot shows the Infineon My Profile page. At the top, there is a navigation bar with 'Products', 'Applications', 'Tools', 'About Infineon', and 'Careers'. Below this, there are tabs for 'My Dashboard', 'My Profile', and 'Help and Support'. A blue banner contains the text 'Become a promoted user and get access to additional content' and a button labeled 'Request your promotion form here'. Below the banner, there is a section for 'Personal information' with fields for 'First name', 'Last name', and 'E-mail address'. To the right, there are fields for 'Industry', 'Company', 'Phone number', and 'Mobile phone number'. Below these is a 'Project information' section with an 'Edit' button. At the bottom, there is a 'Promotion' section with a button labeled 'Request your promotion form here'. A modal form is shown in the foreground, containing the text 'Promotion' and 'Become a promoted user and get access to additional content', with input fields for 'Mobile phone number' and 'Approver e-mail address'.

- › Please enter your mobile number. The mobile number is needed due to security measures and will only be used for two factor authentication in case you forget your password.
- › As soon as we have granted you access to the documentation, you will receive an e-mail from us.

How to find the AURIX Documentation

The AURIX Documentation is stored on the Collaboration Platform (MyICP). You can access directly at <https://myicp.infineon.com> or via our web site.

1. Please login to your myInfineon account
 2. Click „My Dashboard“ in the top right corner
 3. Click „Enter Collaboration Platform
- › When entering MyICP the system will require an OTP (one time password) This is a system generated password that will be triggered every time you want to access MyICP. Please notice that the validation of this password is 15 minutes. If the validation of the OTP has expired, please try to login again, the system will then generate a new password for you.

You can also access the AURIX Documentation directly at:
