1 Release contents

1.1 Kit contents

The PSOC™ Control C3M8 Evaluation Kit box includes the following components:

1. PSOC™ Control C3M8 Evaluation Kit
2. USB Type-A to Type-C cable
3. Six jumper wires

2 Tool information

For information related to the tool, see the PSOC™ Control C3M8 Evaluation Kit webpage.

2.1 Software and tools

The software and other supporting files are available on the webpage. For more details see the kit user guide.

2.2 Firmware and kit collateral

The kit webpage contains both documents and hardware files, while the code examples are available in the Infineon GitHub repository.

2.3 Installation

The kit guide, available on the webpage, provides all the necessary software installation instructions. For more information, see the PSOC™ Control C3M8 Evaluation Kit webpage.

2.4 Kit revision

This is the initial revision (Rev. **) of the kit and Rev 03 of the baseboard.

2.5 Documentation

The following kit documents will be available on the kit webpage.

- KIT_PSC3M8_EVK PSOC™ Control C3M8 Evaluation Kit guide
- KIT_PSC3M8_EVK PSOC™ Control C3M8 Evaluation Kit release note
- KIT_PSC3M8_EVK PSOC™ Control C3M8 Evaluation Kit hardware design files
- KIT_PSC3M8_EVK PSOC™ Control C3M8 Evaluation Kit quick start guide

2.6 Technical support

For assistance or product related queries, contact Infineon Support.

2.7 Additional information

- For more information about PSOC™ Control C3M8 Evaluation Kit and its associated documentation and software, visit the PSOC™ Control C3M8 Evaluation Kit webpage
- To know more about the functionality and releases of ModusToolbox™, see the ModusToolbox™ Software webpage
- For a list of trainings on ModusToolbox™, see ModusToolbox™ Software Training

Important notice

The information given in this document shall in no event be regarded as a guarantee of conditions or characteristics ("Beschaffenheitsgarantie").

With respect to any examples, hints or any typical values stated herein and/or any information regarding the application of the product, Infineon Technologies hereby disclaims any and all warranties and liabilities of any kind, including without limitation warranties of non-infringement of intellectual property rights of any third party.

In addition, any information given in this document is subject to customer's compliance with its obligations stated in this document and any applicable legal requirements, norms and standards concerning customer's products and any use of the product of Infineon Technologies in customer's applications.

The data contained in this document is exclusively intended for technically trained staff. It is the responsibility of customer's technical departments to evaluate the suitability of the product for the intended application and the completeness of the product information given in this document with respect to such application.

Warnings

Due to technical requirements products may contain dangerous substances. For information on the types in question please contact your nearest Infineon Technologies office.

Except as otherwise explicitly approved by Infineon Technologies in a written document signed by authorized representatives of Infineon Technologies, Infineon Technologies' products may not be used in any applications where a failure of the product or any consequences of the use thereof can reasonably be expected to result in personal injury.
