

* STUFF OPTION: Need it only for the 20 V Output

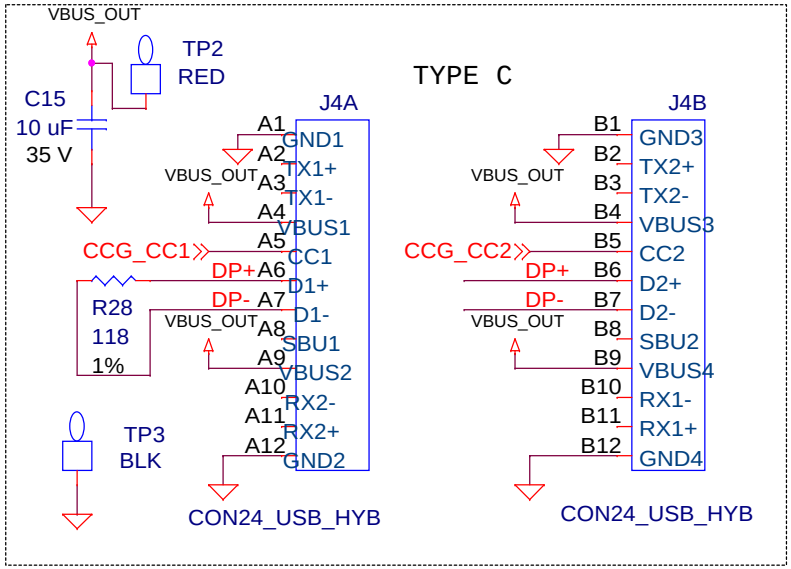

Note: Minimum voltage rating for the capacitors
C14, C13 = 16V

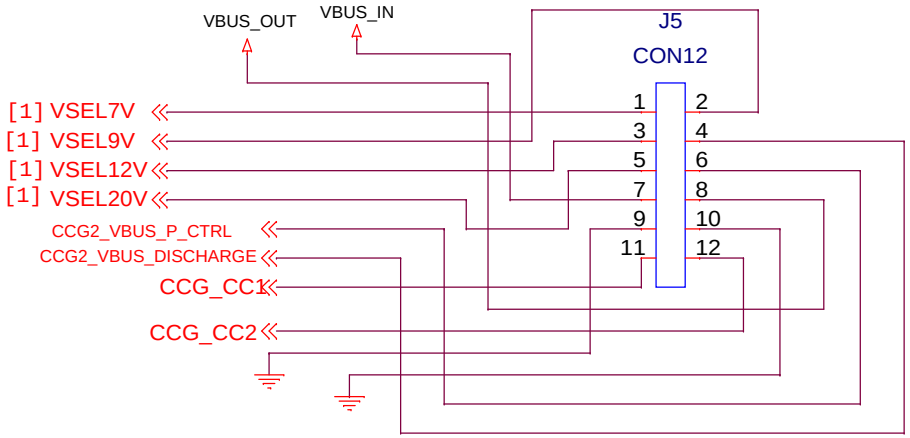

The product and applications illustrated herein (including circuits external to the product and transformer construction) may be covered by one or more U.S. and foreign patents or potentially by pending U.S. and foreign patent applications assigned to Power Intergrations. A complete list of Power Integrations' patents may be found at www.powerint.com.
