New Infineon Logo

Author: Frauke Schnatz 01.10.2007

After a two-year transitional period (integration of Eupec GmbH Infineon to Technologies AG) the process was finished on the 30th of September 2007. This means that the logo "EUPEC" has been changed to the Infineon logo.

As of October 1st, 2007, all" EUPEC "logos on products produced in Warstein and Echtrop Cegléd and gradually throughout Infineon will be replaced as such:

OLD LABEL

NEW LABEL

In a further step on November 1st 2007,the product packaging label will also be changed to the Infineon corporate logo:

OLD LABEL **NEW LABEL**

This shift affects all production areas in Warstein, Cegléd Echtrop and throughout Infineon. Even if there is an "EUPEC" logo or trademark on products , letters, documents, or the product packaging it will remain the brand "EUPEC" and continue to be protected under Infineon.
