

myInfineon: How to register?

- 1 **Click on „register for myInfineon“ in the menu-fly out on the top right**
Go to www.infineon.com, open the myInfineon menu-fly-out in the top right corner, and click on *Register*. This will open the myInfineon registration form.
- 2 **Fill out the required data fields in the registration form**
With this **light registration** we make it easy for the user by **just asking for: company email, country, and password**
The user can provide the opt-in to **marketing communication via the checkbox** on the form.
- 3 **Confirm the registration via code**
After submitting the form data the user receives an **email including a code to validate his/her email address**. By adding the code the web form the user confirms his/her address and the registration was successful.
- 4 **Complete the profile**
With clicking on validating the email address a new screen opens asking to **complete the profile by providing more profile data and products and applications of interest** in order to personalize the myInfineon experience in a better way.

The screenshots illustrate the registration process:

- Step 1:** The Infineon website homepage with the 'Log in to myInfineon' menu fly-out open, showing the 'Register' option.
- Step 2:** The 'myinfineon registration' form with fields for Country/Territory (United Kingdom), Mail, and Password. A checkbox for marketing communication is visible.
- Step 3:** The 'E-Mail Verification' screen showing a verification code (55551) and a 'Confirm your e-mail' screen with a security code field.
- Step 4:** The 'Complete your profile' screen with fields for First Name, Last Name, Company, Industry, Job role, and Mobile phone number. It also includes a 'Complete your interests' section with checkboxes for various products and applications.
