

KIT_PSC3M6_EVAL PSOC™ Control C3M6 Evaluation Kit release notes

About this document

Scope and purpose

Thank you for your interest in the PSOC™ Control C3M6 Evaluation Kit. This document lists the kit contents, installation requirements, kit documentation, and limitations.

Intended audience

This document is intended for anyone who uses Infineon's PSOC™ Control C3M6 Evaluation Kit.

1 Release contents

1 Release contents

1.1 Kit contents

The PSOC™ Control C3M6 Evaluation Kit box includes the following components:

1. PSOC™ Control C3M6 Evaluation Kit
2. USB Type-A to Type-C cable
3. Ten jumper wires

2 Tool information

2 Tool information

For information related to the tool, see the [PSOC™ Control C3M6 Evaluation Kit](#) webpage.

2.1 Software and tools

The software and other supporting files are available on the [PSOC™ Control C3M6 Evaluation Kit](#) webpage. For more details see the kit user guide.

2.2 Firmware and kit collateral

The kit [PSOC™ Control C3M6 Evaluation Kit](#) webpage. contains both documents and hardware files, while the code examples are available in the [Infineon GitHub repository](#).

2.3 Installation

The kit guide, available on the webpage, provides all the necessary software installation instructions. For more information, see the [PSOC™ Control C3M6 Evaluation Kit](#) webpage.

2.4 Kit revision

This is the initial revision (Rev. **) of the kit and Rev 03 of PCBA.

2.5 Limitations and known issues

N/A

2.6 Documentation

The following kit documents will be available on the kit [PSOC™ Control C3M6 Evaluation Kit](#) webpage.

- KIT_PSC3M6_EVAL PSOC™ Control C3M6 Evaluation Kit guide
- KIT_PSC3M6_EVAL PSOC™ Control C3M6 Evaluation Kit release notes

2.7 Technical support

For assistance or product related queries, contact [Infineon Support](#).

2.8 Additional information

- For more information about PSOC™ Control C3M6 Evaluation Kit and its associated documentation and software, visit the [PSOC™ Control C3M6 Evaluation Kit](#) webpage
- To know more about the functionality and releases of ModusToolbox™, see the [ModusToolbox™ Software](#) webpage
- For a list of trainings on ModusToolbox™, see [ModusToolbox™ Software Training](#)

Important notice

Products which may also include samples and may be comprised of hardware or software or both ("Product(s)") are sold or provided and delivered by Infineon Technologies AG and its affiliates ("Infineon") subject to the terms and conditions of the frame supply contract or other written agreement(s) executed by a customer and Infineon or, in the absence of the foregoing, the applicable Sales Conditions of Infineon. General terms and conditions of a customer or deviations from applicable Sales Conditions of Infineon shall only be binding for Infineon if and to the extent Infineon has given its express written consent.

For the avoidance of doubt, Infineon disclaims all warranties of non-infringement of third-party rights and implied warranties such as warranties of fitness for a specific use/purpose or merchantability. Infineon shall not be responsible for any information with respect to samples, the application or customer's specific use of any Product or for any examples or typical values given in this document.

If this document is marked as 'Preliminary', 'Target', 'Draft' or 'Proposal', Infineon reserves the right to change all information given in this document at any time without notice. Subject to the development and release of a Product for series supply by Infineon, the technical specifications of the Product are set forth in the relevant datasheet provided by Infineon without such marking.

The data contained in this document is exclusively intended for technically qualified and skilled customer representatives. It is the responsibility of the customer to evaluate the suitability of the Product for the intended application and the customer's specific use and to verify all relevant technical data contained in this document in the intended application and the customer's specific use. The customer is responsible for properly designing, programming, and testing the functionality and safety of the intended application, as well as complying with any legal requirements related to its use.

Unless otherwise explicitly approved by Infineon, Products may not be used in any application where a failure of the Products or any consequences of the use thereof can reasonably be expected to result in personal injury.

However, the foregoing shall not prevent the customer from using any Product in such fields of use that Infineon has explicitly designed and sold it for, provided that the overall responsibility for the application lies with the customer. Infineon expressly reserves the right to use its content for commercial text and data mining (TDM) according to applicable laws, e.g. Section 44b of the German Copyright Act (UrhG). If the Product includes security features:

Because no computing device can be absolutely secure, and despite security measures implemented in the Product, Infineon does not guarantee that the Product will be free from intrusion, data theft or loss, or other breaches ("Security Breaches"), and Infineon shall have no liability arising out of any Security Breaches.

If this document includes or references software:

The software is owned by Infineon under the intellectual property laws and treaties of the United States, Germany, and other countries worldwide. All rights reserved. Therefore, you may use the software only as provided in the software license agreement accompanying the software.

If no software license agreement applies, Infineon hereby grants you a personal, non-exclusive, non-transferable license (without the right to sublicense) under its intellectual property rights in the software (a) for software provided in source code form, to modify and reproduce the software solely for use with Infineon hardware products, only internally within your organization, and (b) to distribute the software in binary code form externally to end users, solely for use on Infineon hardware products. Any other use, reproduction, modification, translation, or compilation of the software is prohibited.

For further information on the Product, technology, delivery terms and conditions, and prices, please contact your nearest Infineon office or visit www.infineon.com.
