

Infineon Technologies AG – Regensburg site

Information for your visit

Dear visitor:

Welcome to Infineon Regensburg!

This information sheet provides you with an overview of your travel options and the Regensburg site.

We look forward to your visit.

Important notes:

Please sign in at visitor reception in front of the plant premises.

Please be sure to bring along an official identity document.

Please register any items (IT, components, etc.) you bring with you at the visitor reception desk.

The reception will inform your contact person of your arrival. You will usually be collected and accompanied to the site.

Anyone making a delivery is asked to park their vehicle in the appropriately marked parking area before entering the premises and to notify plant security.

We ask for your kind understanding in case of inspections by our plant security team.

Picture and sound recordings are not permitted on site.

Any children accompanying you must be approved for entry in advance.

Arrival:

By car:

- Follow the navigation instructions to Wernerwerkstraße 2, Regensburg.
- You can reach Infineon Technologies via the A93 (exit Regensburg West).
- Visitor parking lots are signposted in the direction of the company premises.

Public transportation:

- From the main station, take line 6 (direction Roter-Brach-Weg) or line 11 (direction Wernerwerkstraße).
- The Wernerwerkstraße stop is only a few meters away from the visitor reception.
- You can find more information about the connections on the [RVV website](#).

By air:

- Munich Airport (85 km), then by train or airport shuttle service.
- Nuremberg Airport (110 km), then by train.
