

Senior Manager - Strategy Mergers & Acquisitions Asia Pacific

Job description

The Senior Manager Strategy and M&A is based in Singapore, the regional HQ for Infineon Technologies in the Asia Pacific region. This role is part of Infineon Technologies' global strategy and M&A (SMA) team. The strategy team's working mode emphasizes structured problem-solving methodologies, domain expertise, and individual skills & commitment.

In your new role you will:

- To work on **cross-functionally staffed, regional strategy, and ecosystem** development projects for the Asia Pacific region
- **To support global strategy and/or M&A or PMI projects** as required
- To support ad-hoc strategy tasks as need
- **To create digital tools and methodologies for the global SMA** team

Profile

You are best equipped for this task if you have:

- **Masters degree** in engineering, physical sciences, mathematics, economics, business, or related disciplines
- **Postgraduate education** such as MBA or PhD from a leading international school or equivalent work experience
- **5+ years of experience** with, and **deep understanding of the semiconductor and related industries** (value chain, market dynamics, landscape)
- **3+ years of experience** in a **leading strategy consulting firm or in-house strategy consulting group** of a corporate with a proven record of the application of strategy frameworks and tools
- **3+ years of project management experience** PMP/AGILE or equivalent certification is a plus
- **Existing relationships with ecosystem players** in the Asia Pacific region e.g. with director level (governments, academia, startups, incubators)

Other Skills/Attributes:

- **Looking for self-motivated, ambitious, and high energy player**, able to deliver high-quality results under pressure
- **Highly customer-focused understands** and manages customer expectations
- **Innovative, Open to new ideas** and ways of thinking and working
