

Head of Isolation ICs (f/m/div)*

Job description

As a Head of Isolation ICs Segment in the product line Power and Isolation ICs (PI) within the PSS division you will be responsible for the overall Isolation ICs segment strategy with a strong focus on the definition of the Isolation ICs roadmap. In this role you will lead a team and be part of the PI leadership team. The position can be filled either in Munich or Villach (Austria).

In your new role you will:

- Take over full responsibility of the overall **Isolation ICs segment strategy**, including **long-term revenue planning** and **R&D budget planning**
- Ownership for the definition of the Isolation ICs roadmap & responsible for defining product requirements based on market and customer inputs
- **Drive lead customer engagements** together with sales and is responsible for a successful ramp at the customers

Profile

Do you listen actively to the customer and consider his point of view, thoughts, and ideas? If you furthermore have a good sense for current and future trends and are able to derive potential new products for your own department then you should join our team.

You are best equipped for this task if you have:

- A **degree** in **Business Administration, Marketing** or a technical degree
- At least **8 years of working experience** in a **marketing, technical marketing or product management** role within the semiconductor industry
- Experience in the area of Isolation ICs is a big plus
- A strong **business driven personality** being **able to prioritize**
- The ability to act comfortably in matrix organizations
- A strategic mindset
- **Fluent English communication skills**, German is considered as a nice to have
- Willingness to travel
