

Staff Verification Engineer (f/m/div)*

Job description

Are you looking for a new challenge? Are you used to work proactively and interdisciplinary? Are you ready to bring your know-how into an innovative, future-oriented company? Then Infineon Technologies Austria is the place to be for you!

In your new job you will:

- **Perform measurement, characterization & tuning of RF circuits** e.d. power amplifiers, LNA's, mixers, etc. for wireless communication and radar applications
- **Develop, improve and maintain existing and new measurement setups** according to R&D requirements in hardware and software
- **Align with other similar teams** in different locations to achieve a unified way of working and ensure results reproducibility
- **Work on interface with other teams** in design, product marketing, project management, quality management, test development and failure analysis across sites

Profile

You are a highly innovative and open-minded person with a great team spirit and willingness to cooperate closely with international and cross-functional internal and external partners. With your proactive, methodical and autonomous working style, you are able to solve problems fast and with high-quality standards.

You are best equipped for this task if you have:

- **A masters degree in Electronic/Electrical Engineering** or Physics with solid knowledge in semiconductor physics
- **3-5 years professional experience in RF circuits** for wireless communication applications
- **Experience in DC and RF measurement techniques** and setups
- **Knowledge in programming languages** like matlab, python, C# etc.
- **Experience in lab instrumentation control**
- **Very good communication skills** towards supplier and internal interfaces
- **Fluent English skills**

We offer competitive salaries and additional benefits based on your performance, experience and qualification. The employment is in accordance with the collective salary and wage agreement for employees of the electrical and electronics industry,

Talent Attraction Manager

employment group G (<https://www.feei.at/wp-content/uploads/2021/04/minimum-salaries-white-collar-workers-2021.pdf>). The monthly salary is paid 14 times p.a. We offer a higher compensation depending on your expertise and skills.

Why Us

Part of your life. Part of tomorrow.

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

– Power & Sensor Systems (PSS) drives leading-edge power management, sensing and data transfer capabilities –

Infineon **PSS** semiconductors play a vital role in enabling intelligent power management, smart sensitivity as well as fast and reliable data processing in an increasingly digitalized world. Our leading-edge power devices make chargers, adapters, power tools and lighting systems smarter, smaller, lighter and more energy-efficient. Our trusted sensors increase the context sensitivity of “things” and systems such as HMI, and our RF chips power fast and reliable data communication. [Click here](#) for more information about working at PSS with interesting employee and management insights and an overview with more #PSSDreamJobs.

At **Infineon in Villach** you shape the technologies of tomorrow and work in an international environment with more than 3700 colleagues from over 65 nations. Your personal contribution will be valued and appreciated as the cornerstones of our success. And all that in beautiful surroundings which guarantee a high quality of life.

The **City of Villach** is located in the center of Carinthia, Austria’s southernmost province, in close proximity to the Italian and Slovenian border. Due to its particular geographic location and the outstanding natural beauty of the region, Villach and the whole province of Carinthia have for generations been popular holiday destinations for people from all over the world. Living in Austria also has many social, health-care-related and economic perks. The country’s social and health care system is among the best in the world and for decades numerous international surveys have singled out Austria as a particularly safe and wealthy country with a high quality of life. Villach benefits from its status as a “small town”, offering everyday living at affordable prices in an outstanding setting.
