

## Low Code Engineer - Outsystems

### Job description

Looking for a new challenge? Interested in working on a team that is responsible for Infineon's global low-code application platform? If you are motivated, a team player and bring some professional experience with system integration or software development do not miss out this chance to join our team and become a low-code expert! As a low-code engineer at Infineon you will be responsible for running and extending our OutSystems platform, and supporting teams globally to create low-code applications and develop extensions and APIs to enrich the platform. Apply now!

#### In your new role you will:

- Be part of a team that is responsible to support, run, maintain and extend Infineon's global **low-code platform – OutSystems**
  - Support teams to design, build and deploy solutions
  - Develop, deploy and test **API integration and low-code plugins** to extend the platform
  - Integrate the platform into Infineon's ecosystem and existing processes
  - Help to **establish best practices and processes** e.g., onboarding, code best practices, deployment of applications, governance, architecture
  - Promote and enable **DevOps practices**, setup CI/CD pipelines and establish repeatable best practices for release management, test automation and monitoring.
  - Help to **setup a low-code community**, knowledge base and user trainings.
- Work in a highly motivated team

### Profile

#### You are best equipped for this task if you have:

- **Degree in Computer Science, Software Engineering** or equivalent
- **2 years** of working experience in IT
- **Software development** experience
- **Database knowledge**
- Self initiative and are a **motivated, team player**
- Ability to communicate fluently in English

## Why Us

### Part of your life. Part of tomorrow.

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

*Infineon Technologies Americas Corp. is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex (including pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.*

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your on-boarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

#### **IMPORTANT NOTICE:**

**Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.**

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
