

Senior Staff Specialist Cyber Security (f/m/div)*

Job description

Are you passionate about cyber and information security topics and enjoy sharing your knowledge and expertise with others? Do you want to help maintain and improve the Cyber & Information Security Management System of a global leader in the semiconductor industry? Infineon's CYBER team is looking for new members in Porto and you can be part of the family! This family spans across seven countries around the world and covers Cyber Governance, Risk & Compliance, Consulting, Security Monitoring, Incident Response & Digital Forensics and Threat Intelligence functions globally. Apply now to join them as a Senior Staff Specialist in Cyber Security Governance & Risk.

As a Senior Staff Specialist in Cyber Security, you will be part of the Governance, Risk & Compliance (GRC) team and be responsible to operate and improve our Third-Party Risk Management System as well as our Customer Assurance Processes to enable the continuous growth of Infineon's business.

In your new role you will:

- Be responsible for the **operation and improvement of our Third-Party Risk Management System**;
- Support the **maintenance and operation of the Infineon Cyber and Information Security Management System**;
- **Facilitate the Cyber Security Response** as part of our Customer Assurance Processes;
- **Support Cyber Security processes** to determine the business impact of our data assets;
- **Lead Cyber and Information Security GRC projects** within multinational teams;
- **Provide security consultation** for teams and projects;
- Support the **establishment and maintenance of third-party risk reporting framework** to assure effectiveness and compliance.

Profile

You have a hands-on approach to work and are able to take responsibility for your own area of expertise. You have a proactive and enthusiastic attitude and are able to establish a successful collaboration with people across different levels and functions of the organization. Moreover, you have excellent communication skills and enjoy sharing your knowledge and providing guidance to others.

You are best equipped for this role if you have:
