

## Senior Project Leader for Advanced Analytics & AI (f/m/div)\*

### Job description

You are looking for new challenges in the world of AI and Advanced Analytics and want to manage projects and lead your project teams to high performance? We have the perfect opportunity for you - apply now to become part of our global team in Villach!

As Senior Project Leader for Advanced Analytics & AI in a leading-edge semiconductor company, you will be in charge to successfully conduct the full project lifecycle with stakeholders, project team and management.

In your new role you will:

- **Plan the project** for fast implementation:
  - **define scope** and **objectives** together with stakeholders
  - **coordinate architecture design** with experts
  - **plan work packages** and **tasks**
  - **agree derived timeline** with business partners
- **Lead the project team** during the execution phase with persuasive leadership abilities
  - **optimize project staffing** with resource managers
  - **assess risks** for continuous mitigation
- **Manage stakeholders** and **report progress** to Senior Management.
- Are **familiar with the technology ecosystem of AI development** in a global enterprise (e.g. cloud computing, big data & micro-service architecture)

This position is part of the **Project Management Career Path**. It provides an attractive career opportunity for employees who focus on managing projects and functional leadership of project team members. You want to learn more about the role as a Project Manager? Check out our profile story!

## Why Us

**Part of your life. Part of tomorrow.**

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

Strengthen a globally networked team in the area of **Factory Integration (FI)** with your knowhow. All activities in automation technology are bundled here. Solutions are created that are groundbreaking for the FI landscape within the Infineon Group. Become part of the team and apply now!

At **Infineon in Villach** you shape the technologies of tomorrow and work in an international environment with more than 3700 colleagues from over 65 nations. Your personal contribution will be valued and appreciated as the cornerstones of our success. And all that in beautiful surroundings which guarantee a high quality of life.

The **City of Villach** is located in the center of Carinthia, Austria's southernmost province, in close proximity to the Italian and Slovenian border. Living in Austria has many social, health-care-related and economic perks. The country's social and health care system is among the best in the world and for decades numerous international surveys have singled out Austria as a particularly safe and wealthy country with a high quality of life. Villach itself benefits from its status as a "small town", offering everyday living at affordable prices in an outstanding setting.
