

Sr Staff Tech Mfg Equip Maint

Job description

Are you actively looking for a new career challenge? Do you want to be part of an innovative company? We have the perfect opportunity for you here at Infineon! Join our dynamic team as our next Staff Tech Process.

In your new role you will:

- Support Manufacturing and **Process Engineering** with a focus on quality, yield and on-time delivery.
- Report to the **Technical Resources** manager or person designated by the manager.
- Provide process and **equipment** technical support and troubleshooting for “out of control” and line down conditions and (2) provide equipment technical support for process development and improvement activities.
- Be assigned responsibilities in two to four of the process disciplines listed below: **Assembly (Cleanroom)** – die attach, wire bonding sealing, dicing, and die pick and place
- **Test & Finish** – laser mark, tinning, lead trimming & forming, QCI SMT
- Provide equipment **operation**, programming and maintenance support.
- **Document** and report the “out of control” and line down conditions and any corrective action taken to the Process Engineering and Maintenance groups to facilitate the creation of long term corrective actions.
- Assist in maintaining the factory-wide **escalation** procedure and participate in the facility-wide on-going 5S program.
- Have **Flexibility** as responsibilities may change and others, not listed, may be assigned depending on need

Profile

- An **Associate Degree** in an engineering technology discipline (manufacturing, electronics, mechanical, mechatronics, industrial) or industry recognized certificates in similar disciplines with 4+ of manufacturing experience.
- Minimum **2 years'** hands-on experience in manufacturing as a machine /equipment operator. Preferably at least 1 year in a process technician or maintenance technician role. This includes co-op and internship experience.
- Experience interfacing with **automated/robotic** assembly equipment.
- Preferably experience in **electronics assembly** facility that assembles to MIL-STD specifications.

Why Us

Part of your life. Part of tomorrow.

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

Infineon Technologies Americas Corp. is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex (including pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your on-boarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

IMPORTANT NOTICE:

Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically

during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
