

Supply Chain Account Coordinator

Job description

If you are a seasoned Supply Chain expert and looking for a position with a large, multinational organization in the tech industry, then this may be the position for you! In this position, you will manage demand/supply alignment for key U.S. based accounts with fulfillment in APAC. Additionally, you will have responsibility for analyzing the global supply situation in times of short supply, in order to manage and maximize customer satisfaction. You will be a part of a fast-paced and highly motivated supply chain team, who work together to get the job done. Apply now!

In your new role you will:

- Manage **demand/supply** alignment for key U.S. based accounts with fulfillment in APAC
- Analyze global supply situation in times of **short supply**, in order to manage expectations and maximize customer satisfaction
- Conduct volume **forecast** review meetings with Customer and Sales
- Be responsible for **coordination and communication** with fulfillment channels and partners in other regions
- Be responsible for preparation of and participation in **customer calls** and meetings, including escalation calls during times of tight supply
- Manage **customer project ramp up & down**; support NPI (new product introduction) and PCN (Process Change Notification) projects.
- Strive for continuous **improvement/optimization** of customer logistics topics (processes, tools, concepts) aligned to Infineon's business strategies and objectives
- Build & **maintain cooperation** with Infineon internal partners by providing value-add information & services, including (but not limited to) logistics, quality, finance, export control, audit and engineering topics.
- Provide **premium service** experience to customers
- Work with **customers' portals** where applicable
- Be presented opportunities to participate in and contribute to **special projects**

Profile

You are best equipped for this task if you have:

- **Bachelor degree** (required), preferably in Supply Chain, Business, or Science / Engineering field.

- Ideal candidate will have **2 ~5 years** of proven success & experience in Supply Chain Management and/or Customer related environment. Fresh graduate or internship will also be considered.
- Proficiency with **Microsoft Office** applications, Excel expert user (eg. vLookup, Pivot, SumIFS).
- Knowledge of **ERP** applications (SAP preferred)
- Excellent **communication** and presentation skills, both written and verbal
- Good **interpersonal** skills and ability to work effectively in a team environment and with employees at all levels of the organization
- Ability to **adapt quickly**, working in a dynamic business environment, flexible to adapt changes in daily work schedule.
- Results **driven and solutions** oriented philosophies
- Strong **problem solving** ability
- Ability to work **proactively** with a sense of urgency and attention to detail at all times
- **Determination**, self-motivation and eager to take on new challenges
- **Confidence** to make complicated decisions independently, when needed

Benefits

- **Milpitas, CA:** Medical, Dental & Vision Plans; Flexible Reimbursement Accounts (FSAs); Industry leading 401k Employer Contribution/Match; Company Performance Bonus; Holiday Pay & Paid Time Off (PTO); Flexible working conditions, Part-time Options; Different career paths: Project Management, Technical Ladder, Management & Individual Contributor; Wide range of Training Offers & Career Development Planning; Coaching, Mentoring, Networking Possibilities; International assignments; Basic Life & Dependent Life Insurance; Paid Sick Leave, Accidental Death & Disability Insurance (AD&D); Short-term & Long-term Disability; Employee Assistance Program (EAP); Health Promotion Programs; Reduced Price for Public Transportation

Why Us

Part of your life. Part of tomorrow.

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

Infineon Technologies Americas Corp. is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex (including pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your on-boarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related

to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

IMPORTANT NOTICE:

Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
