

## Director Strategy and Business Development (f/m /div)\*

### Job description

Do you want to shape the growth path of Infineon's automotive business working closely with internal and external stakeholders? You want to take responsibility for a broad range of challenges? As Director Strategy and Business Development at Infineon's Automotive Division, you contribute to the long-term development of the automotive business paving the way for future mobility.

In your new role you will:

- **Shape Infineon's Automotive division-level strategy** preparation and related orchestration regarding growth initiatives – as part of readiness activities related to the transformation of the automotive industry
- **Lead Automotive division's industry and governmental relations** related activities - working in close collaboration with internal and external stakeholders in the HQ as well as around the world
- **Lead division's activities at the industry** organizations, think tanks, associations in line with division's strategies
- **Advise division's leadership team** on division strategy and business development bridging among the key stakeholders within the division and Infineon corporate functions
- **Drive exchange between internal and external opinion leaders** as a key input to ensure proaction in terms of business portfolio

This job is suitable for full- and part-time.

### Profile

You are you prepared to take risks consciously and manage them actively. You are used to challenge the status quo, and courageously explore new paths. Furthermore, you develop, implement, and market creative ideas. In addition, you always strive for continuous improvement and think ahead. Last but not least you do not shrink from Making decisions.

You are best equipped for this task if you:

- Have a degree in **electrical engineering, physical science** (e.g. physics, chemistry) or **business administration**; MBA or CFA is a plus
- Gained **extensive expertise in a relevant professional domain** for example in **consulting or technology companies**
