

## Internship - Supply and Production Management (RCM / PRM)

### Job description

The intern, as part of the PSS Supply and Production Management (SPM) team in Singapore, will undergo a training plan to understand the supply chain fundamentals within IFX. He/She will then be mainly involved in digitalization/process improvement projects related to the Ramp up and Change Management (RCM) function and/or Production Management (PRM) function.

#### In your new role you will:

- Assist/Support department on **operations execution**
- Work independently or with Infineon AI local expert to **support department's process improvements or digitalization projects**
- **Communicate effectively** with stakeholders and teammates located in different regions (teleconference and email communication) to ensure project success
- Conduct **project presentations** in various project review platforms and **conduct trainings to key users** upon project completion

#### Internship learning outcomes:

- Understand the **IFX supply chain** in greater detail with reference to the **SCOR model**
- Learn the **different supply chain processes** related to **RCM or PRM function**
- Gain **experience and skills in digitalization/process improvement projects**

### Profile

#### You are best equipped for this task if you have:

- Degree in **Business administration / Supply Chain Management / Engineering / Data Science and Analytics**
- **Basic knowledge of Supply Chain Management**
- Excellent **analytical and systematic skills** to **evaluate complex data and processes**
- **Strong communication and presentation skills**
- Working knowledge of **Microsoft applications: Word, Powerpoint, Excel (Pivot tables, VBA coding)**
- Proficient in **data visualization & analytics tools** such as **Tableau, SQL and Python** etc, and **AI skills** such as **NLP, RPA** etc

#### At a glance

Location: **(Singapore)**  
Job ID: **349631**  
Start date: **as soon as possible**

# Why Us

## **Part of your life. Part of tomorrow.**

Infineon is a world leader in semiconductor solutions that make life easier, safer, and greener. Our solutions for efficient energy management, smart mobility, and secure, seamless communications link the real and the digital world.

*In accordance with the requirements set by the Singaporean Government, Infineon Technologies Asia Pacific Pte Ltd ("Infineon") can only allow individuals who are (a) fully vaccinated, (b) certified to be medically ineligible for a vaccine or (c) have recovered from COVID-19 within a prescribed period, onto company premises. Therefore, Infineon requires all new employees, as well as contractors and business partners, to be fully vaccinated against COVID-19. "Fully vaccinated" means individuals have completed the full regime of an approved COVID-19 Vaccine as listed under the World Health Organization (WHO) Emergency Use Listing (EUL) including the respective post-vaccination period to ensure the vaccine has become full effective. Anyone who is unable to be vaccinated due to an approved and/or recognised exemption condition may apply for special consideration.*
