

Staff Specialist Production Planner

Job description

5+ years in planning/ supply chain, ideally in semiconductor/electronics industry (or any other industry with highly product mix and customer specific products).

In your new role you will:

- **Translating orders/** demands provided by corporate supply chain teams into executable manufacturing plan, considering permanent and temporary capacity conditions
- Confirming **production** starts/ outs to partners
- Ensure plan commitments will be met and adjust plan/ **priorities** if necessary
- Be the **interface** between Divisions/ corporate functions and local manufacturing
- Creating **visibility** from start to product out
- **Successfully** enable and manage KPI such as OTD (CLIP), cycle time and line speed by optimizing line loading
- Manage **escalations** and deviations from plan

Profile

You are best equipped for this task if you have:

- **5+ years** in planning/ supply chain, ideally in semiconductor/electronics industry (or any other industry with highly product mix and customer specific products)
Potential to lead people in a small team
- Very good **communication skills** on different levels -appropriate communication to shop floor personnel, site experts and partners at other sites/ cultures

partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your on-boarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

IMPORTANT NOTICE:

Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
