

Senior Manager Plan to Order Architecture (f/m/div)

*

Job description

Do you want to shape the future of supply chain? You love data, processes and digitalization? Then take the chance and join Infineon as a Senior Manager Plan to Order Architecture and become part of an exciting global company dedicated to make the world more digital and more sustainable. You will be responsible for the Supply Chain Business Process Architecture with focus on Order Promising, Order Management, Customer & Product Allocation, Demand & Supply Planning, Sales & Operational Planning Processes.

In your new role you will:

- **Drive Business Analysis of new SC** demands with “overarching” Plan & Deliver processes that include Sales & Operational Planning, Demand & Supply Planning, Customer & Product Allocation, Order Promising, and Order Management topics
- Based on the business analysis, **define the SC Concepts in collaboration with SC & IT experts and architects** in the area of Plan & Deliver Processes
- **Support and lead global supply chain projects as subject matter expert**, and **play a key role in implementation** with focus on overarching Plan & Deliver processes
- **Drive and facilitate the discussions with business leaders from Corporate Supply Chain**, Business Divisions teams to **identify business SC capabilities in relation to current and future business objectives** based on Integrated Supply Chain Roadmap
- **Collaborate with experts from IT Supply Chain & Sales teams** on SC functional capability improvements to **fulfill current and future business objectives**
- **Analyze and extend (as required) the current Process Performance Metrics & KPIs** in the area of SC Plan and Deliver processes. (Eg: Delivery Reliability, Delivery Performance, Customer Agreement fulfillments etc.)
- **Drive the continuous improvement initiative towards improving the SC Plan & Deliver Process KPIs** on regular basis **in collaboration with SC Process owners and experts**
- **Define SC Plan & Deliver solutions and capabilities** with understanding the touchpoints and interdependencies with Sales & Marketing, Customer Logistics & Finance Controlling processes

Profile

You have a clear notion of how innovation contributes to the commercial success of the company and concentrate your creativity and knowledge on producing results with real added value. You are able to quickly establish a successful cooperation and clarify areas of responsibility, coordinate your work with colleagues, and regularly share your
