

Student Job: oneSAP – Project Communication (f/m /div)*

Job description

You are studying Marketing, Communication, Journalism or Business Administration and would like to gain experiences by working in a large project within an international company? Then take a look at this exciting opportunity! In this student job, you will focus on journalistic and editorial work: Conduct interviews, write articles, set up newsletters, as well as proof-reading and recording training modules. You will be part of the exciting global roll-out of the oneSAP project, transforming the work lives of nearly all Infineon employees. Sounds like the perfect match for you? Then don't hesitate and apply now! We are looking forward to meet you!

In your new role you will:

- Support in **planning and executing (virtual) team events**
- Help **conducting interviews and write articles** e.g. for our internal intranet
- Maintain different **communication platforms** e.g. Webex, Slido, Miro Board, together with your team
- **Create attractive PowerPoint presentations and artwork in line with the Infineon brand**

Profile

You are best equipped for this job, if you:

- Are studying **Marketing, Communication, Journalism, Business Administration** or an equivalent subject
- Are an **open-minded person** and love to **work in a team**
- Are very well versed in working with **Microsoft Office**, especially **Excel, PowerPoint** and **Word**
- Show an outstanding command of **written and spoken English**

Please attach the following documents to your application:

- CV in English
- Certificate of enrollment at university
- Latest grades transcript
- High school report

Student Attraction Manager

Additionally, the following requisites apply for student jobs:

- **You have to be enrolled in either your Bachelor or your Master studies** to be eligible for a student job.
- **In the current situation, we particularly emphasize the health and safety of our employees, which is why we support working from home.** Nevertheless, you should not live more than 150 km away from the place of work, so that the location is easily accessible for you.

Why Us

Part of your life. Part of tomorrow.

Infineon is a world leader in semiconductor solutions that make life easier, safer, and greener. Our solutions for efficient energy management, smart mobility, and secure, seamless communications link the real and the digital world.

The **Information Technology** department has become an important business advisor for Infineon, converting business requirements into great IT solutions. It is responsible for provisioning hardware and software solutions at benchmark costs for all areas within Infineon reaching from office users to research & development, to frontend and backend production around the globe. More than 1200 IT-colleagues work closely together with other business areas and external partners. They increase the efficiency of business processes offering more than just modern equipment, secure infrastructure and newest communication solutions.

** The term gender in the sense of the General Equal Treatment Act (GETA) or other national legislation refers to the biological assignment to a gender group. At Infineon we are proud to embrace (gender) diversity, including female, male and diverse.*
