

Senior Staff Specialist Identity & Access Management (f/m/div)*

Job description

Do you have an interest in data management and customer privacy? In this role, you will be responsible for the digital customer registration system (CIAM) for Infineon. Become part of a dynamic and international team that is at the forefront of agile work at Infineon and apply now.

In your new role you will:

- Plan, implement, support, document, and maintain the digital **customer registration system (CIAM)**
- Lead and coordinate all **business aspects** of digital customer registration including preplanning, design, registration path, monitoring/analytics, and optimizations of existing and new CIAM systems
- **Develop procedures and establish regular stakeholder meetings** to align and collaborate with other cross organizational experts in product lines, global legal, customer data platform (CDP), digital strategists, and data engineers on customer data platforms integrations and technical implementations to create actionable requirement documents for vendors
- Be responsible for **evaluating access management systems** to show continued improvements of provision processes and operations
- Collaborate with our UX team to improve **UX by designing an unobtrusive**, progressive registration process to facilitate personalization
- **Conduct and review tests** of registration systems to verify performance and quality standards

Profile

You cooperate across boundaries and appreciates the contributions of other people. You are personally committed to the client's concerns and awards them a high priority.

You are best equipped for this task if you have:

- A degree in **Information Technologies, Business Information Systems** or similar fields
- Strong knowledge of **Identity & Access Management (IAM)** technologies
- Knowledge on the **identity platforms** like PING or OKTA
- The ability to deliver **end-to-end solutions** from inception through implementation and maintenance
- Experience in leading cross-functional (preferably international) teams
