

## Senior Staff Specialist Translation Manager

### Job description

Do you have the skillset to thrive in a high-paced environment? If you have the skillset to match project management, communications, marketing, and business engineering this will be the perfect opportunity! Apply here at Infineon today!

#### In your new role you will:

- Lead and coordinate all business aspects of centrally managed translation platform
- Design and develop translation management system aligning global, cross organizational stakeholders
- Design primary process interface identifying, planning, implementing, supporting and maintain all aspects of the translation platform
- Develop strong alignment with global, cross organizational teams establishing well integrated processes for maintaining the translation memory, glossary and style guides
- Develop and establish process for continuous improvement and development of the translation platform and processes
- Establish KPI-based content dashboards with identifying, prioritizing, designing, developing and maintaining translation improvements
- Collaborate with data analytics teams to identify and provide key KPIs to content developers in order to develop a plan and process for tracking and monitoring translated content
- Design, develop, and enable a customer centric automated and semi-automated translation process for both internal and external content editors

### Profile

#### You are best equipped for this task if you have:

- Established processes, workflows, and procedures for translating diverse digital platforms within translation platform
- Developed seamless translation processes to enable a localized experience
- Reduced complexity for cross organizational teams to provided translated content
- Worked with preferred LSP vendors and facilitate their inclusion in translation platform systems
- A Bachelor's degree in project management, communications, marketing, business, engineering or other relevant fields
- 3-5 years of relevant experience in translation platforms and interfaces

## Why Us

**Part of your life. Part of tomorrow.**

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

*Cypress Semiconductor Corporation is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex (including pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.*

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your on-boarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

### **IMPORTANT NOTICE:**

Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically

during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
