

## NCG - Field Application Engineer

### Job description

This opening is part of Infineon's New College Graduate (NCG) program. The NCG program gives you opportunity to gain enriching and diverse experiences and work side by side with experienced leaders to power your career.

#### In your new role you will:

- Provide first level technical support for IR HiRel customers in Eastern US, with emphasis on power and motor control.
- Work proactively on optimized solutions for our customer's applications together with the entire US IR HiRel Field Application Engineering Team, the Sales Managers and the Product Experts in our product line.
- Discuss innovative system solutions and application approaches with the customer development teams and collaborate with our Technical Application Engineers and IR Product Marketing teams to drive optimized new products and technologies
- Understand customers' use cases and expected functions to shape them into system requirements
- Prepare and execute customer presentations and product / application trainings
- Support our customers during the evaluation of our products
- Become a customer expert. Understand critical customer details including situation/goals, decision making process and key decision makers, product life cycles and points of influence.
- Establish solid relationships at your strategic customers to proactively drive next generation designs with a focus on early design entry

### Profile

#### You are best equipped for this task if you have:

- Bachelor or Master Degree in Electrical Engineering with emphasis in Power Electronics or similar
- 1 to 3 years hands on experience working in an electronic laboratory environment
- Experience in analog circuit analysis and power electronic topologies
- Experience in working with tools in a laboratory such as soldering iron, oscilloscope, function generator and power supplies
- Excellent communication in both verbal and written form
- A team-oriented approach

- Strong customer orientation and the ability to interface with customers
- A self-starter mindset (initiative)
- Ability to overcome adversity and thrive in a competitive environment

## Why Us

### Part of your life. Part of tomorrow.

Infineon is a world leader in semiconductor solutions that make life easier, safer, and greener. Our solutions for efficient energy management, smart mobility, and secure, seamless communications link the real and the digital world.

*IR HiRel Products Inc. is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex (including pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.*

*Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your onboarding documents.*

*In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.*

#### **IMPORTANT NOTICE:**

**Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.**

**Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.**
