

## Internship: Supply Chain Excellence - Knowledge Management, Training & Communication (f/m/div)\*-

### Job description

The aim of the Infineon Supply Chain Community is to deliver to our customers the required products at the right place and the right time by connecting the global value chain. To be able to do so, our Community needs well-structured knowledge-, training- and communication material. This is where you come in! In this job you will create new and update existing Confluence pages and prepare presentations for management. In addition, you bring along an affinity for the organization of trainings and workshops? Then we should get in touch!

In your new role you will:

- Design and update **Confluence pages for the PSS SPM** (Supply Chain & Production Management) **department**
- Create **presentations and reports for PSS SPM Management** with focus on supply chain digitalization and analytics
- Support in the **preparation, execution and follow-up of trainings and workshops**

### Profile

You are best equipped for this task if you:

- Study **Business Administration, Computer Science, Communications** or a related subject
- Already gained first experience in **knowledge & content management and reporting for management**
- Bring along very good **PowerPoint skills**, experience with **SharePoint** and **Confluence** is desirable
- Communicate **fluent** in **German** and **English**

Please attach the following documents to your application:

- CV in English
- Certificate of enrollment at university
- Latest grades transcript
- High school report
