

Staff Specialist Controlling (m/f/d)*

Job description

Are you looking for a new challenge in an innovative semiconductor environment focusing on green energy? Generating transparency for a global team with business analytics is something you love? Here's your chance: we have a great job opportunity as Financial Controller to join our team in our Innovation Fab Villach. We focus on profitable growth in our innovative production environment with a special focus on new technologies.

In your new job you will:

- **Be responsible for innovation controlling**, especially within our Wide-Band-Gap activities
- **Take an active part in the execution and continuous improvement** of the financial controlling of our Innovation Fab Villach
- **Support projects** with the help of your controlling knowledge
- **Act as an analytic copilot by developing and maintaining special business requirements** to drive digitalization in our reporting

Profile

You are self-motivated and have the capability to independently drive business partnerships. With your analytical and conceptual skills, you find efficient ways to distill the key messages for the executive level. Your excellent interpersonal and communication skills lead to effective collaboration within teams.

You are best equipped for this task if you have:

- **A university degree in Finance, Business Administration, or a highly analytical field** (e.g. Engineering, Maths or Computer Science)
- **5+ years of experience** in a comparable position
- **Strong analytical and financial acumen** including ability to absorb information quickly, evaluate data under different perspectives and understand correlation
- **Ability to understand, connect and support controlling** within an environment of complex interrelationships
- **Ability to design new, and improve existing processes**
- **Profound IT knowledge** necessary, especially in area of big data analysis and SAP
- **Hands-on experience in creating visualizations of (financial) data**, e.g. with Tableau

Why Us

Part of your life. Part of tomorrow.

Infineon is a world leader in semiconductor solutions that make life easier, safer, and greener. Our solutions for efficient energy management, smart mobility, and secure, seamless communications link the real and the digital world.

About Infineon Villach

The City of **Villach** is located in the center of Carinthia, Austria's southernmost province, in close proximity to the Italian and Slovenian border. Due to its particular geographic location and the outstanding natural beauty of the region, Villach and the whole province of Carinthia have for generations been popular holiday destinations for people from all over the world. Its unique landscape combines mountains and valleys, lakes and rivers, city and countryside. In addition to the favorable geographic location, living in Austria also has many social, health-care-related and economic perks. The country's social and health care system is among the best in the world and for decades numerous international surveys have singled out Austria as a particularly safe and wealthy country with a high quality of life. Villach benefits from its status as a "small town," offering everyday living at affordable prices in an outstanding setting. So it's no surprise that the city on the Drau is considered the "home of work-life balance".
