

Local Buyer For Equipment (f/m/div)

Job description

Would you enjoy working in a multicultural and dynamic environment in constant growth? Do you want to have a key role in our procurement department? Are you ready to jump into your next professional challenge? Then you should definitely join us in Cegléd as our new Local Buyer for Equipment.

As a **Local Buyer for Equipment**, you will be responsible for performing various tactical buying actions for equipment and production tooling, with the goal of ensuring an optimization on cost and procured quality. You are expected to create, maintain, and monitor a sourcing strategy and have the ownership of purchasing equipment such as spare parts and machinery.

In your new role you will:

- Execute procurement activities in a certain **local procurement segment**, with the objective to **enhance supply** and **generate a contribution to operating profit**, while considering the optimization of the total cost of ownership.
- **Pooling of demand** from various sites and finding **new sources of supply** to use procurement power to best possible effect (full).
- Support **transfer of projects** for new locations.
- **Be a spokesperson to the most important suppliers**, specifically focusing on **global sourcing, selection, evaluation and the development (out-phasing)** in order to acquire the most promising and best suppliers, as well as to **guarantee an optimization on procured quality and supply chain**.
- **Coordinate** the tasks **with a cross-functional team** (materials or equipment).

Profile

You enjoy interacting with people, building strong relations and you have a structured and self-driven working style. You have the ability to work on multiple priorities with accuracy and efficiency, generating value with your ideas and solutions. Moreover, you have a team player mindset and are able to adapt very well to different situations and all counterparts, while also taking advantage of your great negotiation and risk-management skills.

You are best equipped for this task if you have:

- Degree in **Business Administration, Economics, or Technical/Engineering** background with **procurement experience**.
- At least **5 years of experience** in Procurement.
- Strong **communication** and **negotiation skills**, with an **ambitious** and **risk-managing mindset**, while teaming up for the best results.

Why Us

Part of your life. Part of tomorrow.

Infineon is a world leader in semiconductor solutions that make life easier, safer, and greener. Our solutions for efficient energy management, smart mobility, and secure, seamless communications link the real and the digital world.

Backend

The **backend segments** enable the development of comprehensive innovation across the entire value chain: starting with chip manufacturing, to wafer testing, preassembly, package development and development of new materials. The backend cluster combines the competencies for planning, productivity, innovation and quality, assembly and testing.

** The term gender in the sense of the General Equal Treatment Act (GETA) or other national legislation refers to the biological assignment to a gender group. At Infineon we are proud to embrace (gender) diversity, including female, male and diverse.*
