

Senior IT Specialist - Hardware & Workplace Services (f/m/div)*

Job description

Are you an experienced IT professional? Do you want to be part of international projects and collaborate across borders? Then, we have the right challenge for you at Infineon in Padova! Apply now to join a leader in the semiconductor industry and make life easier, safer and greener.

As a Senior IT Specialist, you will be responsible for hardware and workplace services and will participate in projects within a multinational team.

In your new role you will:

- **Support, plan, coordinate and manage IT related systems** within workplace area, incl. meeting/video rooms;
- **Provide IMAC (Install Move Add and Change)** related processes;
- **Be responsible for IT hardware stock** management and logistics;
- **Ensure operational maintenance** within a professional operation management environment;
- **Support and/or lead projects** in different areas.

Profile

You think and act in a cooperative way and are able to quickly establish a successful cooperation with others. You put the customer at the heart of your thoughts and actions and always strive to provide a service of excellence. Furthermore, you aspire to outstanding results and use your resources sustainably.

You are best equipped for this role if you have:

- A University **Degree in Computer Science, Information Technology** or equivalent area;
- At least **5 years of experience in IT support**, especially in workplace related services;
- Very good **understanding of IT hardware** clients and network;
- **Availability to travel occasionally** within our locations in Italy;
- **Fluency in English.**
