

AUSTIN CONV - Sr Oper Semi Fab

Job description

In this role, you will be a Senior Operator in a clean room environment, conducting test wafer processing and cassette handling, in addition to documentation of work performed.

In your new role you will:

- Follow all specs for production and **test wafer processing**, including cassette handling
- Work in a **clean room** environment, following all required cleanroom protocols
- Use **electronic systems** to document all work performed
- Run **manufacturing equipment** used to produce semiconductor chips

Profile

You are best equipped for this task if you have:

- High School **Diploma/GED**
- **6 months + of related experience**
- Ability to follow specs for all production and test wafer processing, cassette handling, and cleanroom protocol
- Ability to work **12 hour shifts, wearing smocks/gowning up in a clean room environment**
- Capability to **interact** in a positive manner with team members
- Experience ability to use **electronic systems** to document all work performed
- A **proactive work** ethic and can report problems or issues found to appropriate personnel immediately via **face to face, phone, e-mail** and/or paging system
- A good **attendance** record. Must be able to follow all attendance guidelines

pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your on-boarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

IMPORTANT NOTICE:

Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
