

Buyer for Equipment & Services (f/m/div*)

Job description

As Buyer (f/m/div*) you work in a challenging environment with the possibility to learn and grow. You ensure local strategic procurement and carry out all relevant procurement activities for a locally accounted segment in order to optimize supply and contribute to operating profit. If this is about you: apply now!

The central function Procurement is responsible for the total purchasing volume of Infineon and essentially contributes to achieve the financial targets and the growth of Infineon.

In your new role you will:

- **Be responsible for the procurement** of a locally accounted equipment segment and related services
- **Implement commodity and sourcing strategies** and carry out all procurement site activities to ensure the long-term, cost-effective supply of products and services, especially Equipment and related Services
- **Provide assistance in defining yearly goals** and **estimate market price developments**
- **Negotiate prices and purchasing conditions** for locally accounted commodities
- **Develop optimal site contracts and agreements** to contribute to the profitability of the company
- **Manage Supplier Relationship** and Development to gain the best suppliers and guarantee an optimum supply chain
- **Monitor and analyze the procurement market** to obtain and structure relevant procurement market information and to foresee market developments
- **Actively seek early involvement in sourcing decisions** as well as contact with interface partners to recognize and support innovation
- **Actively participate in cross-functional team** alignments and joint project execution
- **Report monthly/quarterly results** to control procurement activities
- **Mitigate and manage risk**

During an individual training phase, we prepare you optimally for your new tasks. With regular feedback discussions and planning of your professional and personal development, we want to ensure your success in this position.

Profile

You are committed to creating added value for the company and generate value with your ideas and solutions. You aspire to outstanding results with a passion. You act as an

Why Us

Part of your life. Part of tomorrow.

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

The **City of Villach** is located in the center of Carinthia, Austria's southernmost province, in close proximity to the Italian and Slovenian border. Due to its particular geographic location and the outstanding natural beauty of the region, Villach and the whole province of Carinthia have for generations been popular holiday destinations for people from all over the world. Its unique landscape combines mountains and valleys, lakes and rivers, city and countryside. In addition to the favorable geographic location, living in Austria also has many social, health-care-related and economic perks. The country's

social and health care system is among the best in the world and for decades numerous international surveys have singled out Austria as a particularly safe and wealthy country with a high quality of life.
