

## Senior Project Manager IT – Cutover & Migration (f/m/div)\*

### Job description

Would you like to participate in a global business transformation project to shape the future of Infineon? Sounds like you? - Then join our global team of certified project managers to make this happen. #oneSAPDreamJob. We are looking for a proactive and customer-focused person who is passionate about working in a global, dynamic and interdisciplinary team to drive the business transformation based on SAP S/4Hana to the next level. We are offering this great opportunity as Senior Project Manager IT with a focus on all cutover & migration activities to contribute to set a strategic foundation for Infineon's digital transformation activities.

In your new role, you will:

- Plan, organize, and control the project including being **fully responsible for all operational decisions** in the project and for the successful achievement of all project targets – with **focus on all cutover & migration activities**
- Be the **main interface** for all questions regarding the project including **forming and leading the project team** including assigning responsibilities within project to Project Managers of sub-projects and Project Members
- **Manage projects** with significant complexity, risk
- Use company's project management tools to structure projects, control progress, and ensures compliance
- **Lead others** to solve complex problems; use sophisticated analytical thought to exercise judgment and identify innovative solutions
- Continuously **focus on project quality**, assesses progress and ensures that goals are met even in the face of challenges
- Anticipate and **pro-actively manage change** while ensuring buy-in for change and is able to deal with ambiguity

### Profile

You take on new challenges without knowing the right path to an eventual solution in advance. You are personally committed to the customer's concerns and awards them a high priority. You clarify areas of responsibility, coordinate your work with colleagues, and regularly shares your insights with them. Furthermore, you also have excellent soft skills, people management and communication skills (firm but not pushy) to work with people of different levels, functions and countries.

You are best equipped for this task if you have:

## Why Us

**Part of your life. Part of tomorrow.**

Infineon is a world leader in semiconductor solutions that make life easier, safer, and greener. Our solutions for efficient energy management, smart mobility, and secure, seamless communications link the real and the digital world.

The **Information Technology** department has become an important business advisor for Infineon, converting business requirements into great IT solutions. It is responsible for provisioning hardware and software solutions at benchmark costs for all areas within Infineon reaching from office users to research & development, to frontend and backend production around the globe. More than 1200 IT-colleagues work closely together with other business areas and external partners. They increase the efficiency of business processes offering more than just modern equipment, secure infrastructure and newest communication solutions.

#oneSAPDreamJob. In recent years, Infineon has grown considerably. In order to manage this growth, increase efficiency and leverage opportunities, we have launched a **company-wide SAP and business transformation project called oneSAP**. Across our Finance, Procurement, Supply Chain, Manufacturing, Facility Management, Maintenance and Quality Management departments, we aim to globally streamline and harmonize 400 business processes and introduce new functionalities. This will help to increase automation levels, simplify decision-making and reduce complexity, maintenance and the risk of errors. oneSAP will upgrade our system landscape and make our business processes future-proof.

*\* The term gender in the sense of the General Equal Treatment Act (GETA) or other national legislation refers to the biological assignment to a gender group. At Infineon we are proud to embrace (gender) diversity, including female, male and diverse.*
