

Staff Specialist Business Demand Planning

Job description

Are you a recent college graduate in the field of Supply Chain and looking for a position with a large, multinational organization in the tech industry, then this may be the position for you! You will be a part of a fast-paced and highly motivated supply chain team, who work together to get the job done. Apply now!

In your new role you will:

- Consolidate and steer **demand plan** for one Business Line considering customer demand, supply chain topics, production capabilities and financial aspects
- Coordinate, moderate and drive meetings with Marketing and the Business Line Management in order to support the Volume **Rolling Forecast**
- Provide the mid- and long-term **Front, and Backend planning** for the respective Product Lines and for specific topics for the whole Division after analyzing and assessing the market and business as well as demand and supply situation in detail.
- Act as the go-to for detailed analyses and reporting by gaining in-depth understanding on Infineon's Supply Chain, the overall planning and forecasting processes as well as the related **IT tools and databases**
- Cooperate closely with **internal departments** like Product Marketing, Production Management, Finance or Logistic Planning as well as the global production sites.
- Align your activities to the overall volume and **strategic production planning**
- Proactively participate in **projects** to drive process optimization

Profile

You are best equipped for this task if you have:

- A **BS degree** in Industrial Engineering, Process Engineering, Informatics or a business-related field – ideally with technical background.
- **1-3 years** of professional experience in operative Supply Chain Management (e.g. disposition, production or demand planning)
- Experience with **analyses and reporting** as well as a sound knowledge of Business Intelligence methods and tools
- Proficiency in working with **Microsoft Office** (esp. Excel, some Access).
- Experience with **Tableau Dashboard**, Blue Yonder S&OP, databases and other Business Intelligence software would be helpful.

Why Us

Part of your life. Part of tomorrow.

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

Cypress Semiconductor Corporation is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex (including pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your onboarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

IMPORTANT NOTICE:

Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical

condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
