

Working Student: Procurement – Logistics, Professional Services and Consulting (f/m/div)*

Job description

Could you already achieve first work experience in the area of procurement and want to deepen your knowledge in an international company? Are you interested in gaining insights in a very advanced procurement organization and its processes? Then this is the perfect student job for you! Support our category and commodity managers in the tendering process, daily business tasks and specific projects. Are you curious now? Then apply immediately!

In your new role you will:

- Support our **category managers** in the **whole tendering process**: starting from market and supplier research, to validation of demand, to eRFx based tendering process, price comparison and contract management
- Create **presentations** with PowerPoint and **calculations** with Excel calculations, incl. advanced **data analytics**
- Work with commodity managers on **daily business tasks** and in **specific projects**
- You will have the chance to **gain insights** into a **very advanced, global procurement organization** throughout the whole procurement process

Profile

You are best equipped for this task if you:

- **Are studying Business Administration, Industrial Engineering** or similar
- Show a **passion for procurement topics**
- Ideally already gained some **insight into operation** in a major industrial company
- Are a **reliable team player** with **good communication and analytical skills**
- Possess **very good knowledge of MS Office**, especially **PowerPoint and Excel**
- Are **fluently communicating in English**

Please attach the following documents to your application:

- CV in English
- Certificate of enrollment at university
- Latest grades transcript
- High school report
