

Financial Analyst for Distribution Operations (f/m /div)*

Job description

Finance is not all about the numbers - it's knowing about the numbers and so much more. At Infineon, we move with drive and speed, while working with a dynamic network of Distribution partners. We help others understand Finance and we are trusted business advisers by employing every aspect of data and communication to ensure our partners have the most up to date and reliable information. This is a perfect position for someone who knows how to work fast and smart. Are you our candidate? Then, it's time to join our team in Porto as a Financial Analyst for Distribution Operations.

As a Financial Analyst for Distribution Operations **you will become the link between finance, sales and our North America distribution customers**. You will need to analyze data, exchange information and be responsible for the proper execution of all financial transactions.

In your new role you will:

- Be the main responsible to **ensure Ship and Debit process runs correctly through continuous validation of sales and inventory records**;
- Be responsible to **run other specific distribution finance operational programs**, such as inventory revaluation and other similar ones;
- **Perform discrepancies analysis** between Infineon and distributor records and respective corrective actions;
- Answer distributor inquiries related with all the topics above.
- Perform other supporting tasks, such as closing activities or audit procedures that will allow business to run smoothly;
- Be the **main contact point between Distributor and other internal partners**.

Profile

You demonstrate strong communication skills and know how to establish lasting relationships. Moreover, you are passionate and generate value with your ideas and solutions. You think analytically and result-oriented, have a structured and self-driven working style and a strong customer orientation. You are quality oriented and remain focused even under pressure.

You are best equipped for this task if you have:

- A degree in **Business Administration, Economics** or equivalent field;
- **Excellent analytical skills**;
