

Contract - Senior Financial Analyst

Job description

Are you looking for new challenges in the Finance arena? We have a great opportunity that focuses primarily to support the Finance Operations team in charge of external backend (BE) manufacturing Finance (OSAT Finance). Within the OSAT Finance team you will be supporting 2 different functions, including consolidation of OSAT actual & forecast (FC) submission, as well as evaluation of productivity projects and costing of new products. Sounds about the right challenge for you? Apply today to find out more!

In your new role, you will:

- Prepare **month-end closing files** for consolidation and reporting
- Perform **volume and price forecast file maintenance** including liaising with procurement on price updates and price forecast submission
- Perform daily / weekly **inventory costing update**
- Support **data integrity check** of data migration to new SAP system and other **ad-hoc requests** for OSAT reporting
- Involve in **savings calculation** for productivity projects
- Support **costing of new products** by obtaining product requirements and quotations from external manufacturing partners
- Organize review meetings for **cost savings and new product cost reviews**

Profile

You are best equipped for those tasks if you have:

- Bachelor's Degree in Finance or Accounting; Master's Degree in Business Administration / CPA is a plus
- **5 years** of working experience in **manufacturing / operations finance and accounting**, preferably in **Semiconductor / high-tech industries**
- **Cost accounting** and **financial analysis** experience is a **MUST**
- **SAP** System knowledge and **advanced Excel** spreadsheet skills
- **Good communication** and **interpersonal skills** with a demonstrated ability to **work with all levels** and collaborate with **partners across an international organization**
- **Strong business sense** with the ability to utilize financial data to influence in company decision making
- Detail oriented, organized and accurate
- **Able to commit to 12-month contract period**, subjected to renewal

Why Us

Part of your life. Part of tomorrow.

Infineon is a world leader in semiconductor solutions that make life easier, safer, and greener. Our solutions for efficient energy management, smart mobility, and secure, seamless communications link the real and the digital world.

In accordance with the requirements set by the Singaporean Government, Infineon Technologies Asia Pacific Pte Ltd ("Infineon") can only allow individuals who are (a) fully vaccinated, (b) certified to be medically ineligible for a vaccine or (c) have recovered from COVID-19 within a prescribed period, onto company premises. Therefore, Infineon requires all new employees, as well as contractors and business partners, to be fully vaccinated against COVID-19. "Fully vaccinated" means individuals have completed the full regime of an approved COVID-19 Vaccine as listed under the World Health Organization (WHO) Emergency Use Listing (EUL) including the respective post-vaccination period to ensure the vaccine has become full effective. Anyone who is unable to be vaccinated due to an approved and/or recognised exemption condition may apply for special consideration.
