

Field Apps Engr (#23463)

Job description

Infineon FAE owns the technical engagement with a customer and is therefore the primary technical contact for customer.

Infineon FAE owns the technical engagement with a customer and is therefore the primary technical contact for customer. He/she will be involved in both pre-sale and post-sale activities for Infineon products including USB especially Type-C. For pre-sale, Infineon FAE is responsible for understanding the customer's application requirements and determining Infineon products (cross-selling) that best meet the customer's needs. For post-sale, Infineon FAE is responsible for ensuring all technical requirements of the customer design are addressed. The FAE will provide technical support himself/herself and he/she will also take the lead to coordinate internal Infineon resources to provide technical support. The IFX FAE is also deeply involved with training and motivating distribution resources to sell and support Infineon products.

1. Responsible for providing technical support in the form of answering questions, training, and/or demonstrating the usage of the company's products to customers and field personnel.
2. Assisting in the development of product specifications and applications material usable by the customer and explores the business feasibility of general marketing.
3. Standard practices and procedures are followed in analyzing situations or data from which answers can be readily obtained.

Profile

1. EE graduate, better with master's degree
2. C language capability
3. Mixed-signal design or application experience
4. USB design or application experience preferable
5. Linux/Android or embedded systems development experience a plus
6. Experience with standard test H/W including oscilloscope, logic analyzer, protocol analyzer, etc.
7. Schematic/PCB layout development experience
8. Experience with some standard interfaces such as SPI, UART, I2C, USB, SMBus, Ethernet, CAN, etc
9. Proactive and Self-motivated, able to work effectively as a team member
10. Good English communication skill
