## Internship: Corporate Strategy (f/m/div)

### Job description

As a global semiconductor leader in power systems and IoT, we enable game-changing solutions for green and efficient energy, clean and safe mobility, as well as smart and secure IoT. You want to become a member of our Corporate Strategy team? We are looking for a real team player who is enthusiastic about business, competitive and functional strategies, as well as has strong interest for state-of-the-art strategy planning tools and methods. Have you already gained first practical experience in consulting or corporate environment and want to get deeper insights into a multinational semiconductor company? Then this internship is a great opportunity for you!

As an intern in Infineon's Corporate Strategy department, you will work closely with our team members and interact with various stakeholders throughout the company. You will also have the chance to gain first-hand experience in Infineon's annual strategy process, particularly in business strategies. Your new topics may include:

- **Take responsibility:** You develop templates for strategic analyses, consolidation and processing of planning data
- **Thorough planning:** You prepare internal briefing materials for the exchange with the strategy planning community
- **Experience research:** You analyse and visualize market and business KPIs
- **Expand your horizons:** You support Projects, e.g. research and analysis, production of slides

### Profile

- **Study field:** You are passed your undergraduate studies (Bachelor) preferably in Business Administration, Finance, or something similar
- **Know-how:** You have specific know-how and passion for business/ corporate/ functional strategy tools, methods and common frameworks
- **Skills:** You have already gained some relevant work experience from previous internships, preferably with strategy background
- **Personality:** You are a team player, used to working in modern collaborative environment and eager to contribute while being enthusiastic, showing entrepreneurial spirit and strong interpersonal skills
- **MS Office and data analytics skills:** You show very good Microsoft Office skills and are comfortable and competent with analyzing complex financial data sets using Excel and presenting the results with PowerPoint. Knowledge of Tableau and other advanced analytic tools is a plus
- **Language skills:** You have excellent German and English skills, both written and spoken

### Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

### – You can find the headquarters of Infineon Technologies AG in Neubiberg –

In Campeon, besides working towards our goal of being one of the most sustainable companies in the world, we are improving everyone's future by making the technology of tomorrow.

At Infineon, we take work-life balance very seriously. You will be a step away from the center of Munich with its infinite possibilities. Whether you're a history buff, a foodie, or simply looking for relaxation in the city. Munich has something for everyone. Come and discover the warmth and charm of this city, where Bavarian hospitality meets modern urban living.

### We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant's experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
