

# Driving decarbonization and digitalization. Together.

## Working Student: Webdesign - Confluence (f/m/div)

### Job description

You want to support with the revision and further maintenance of the Confluence intranet presence of our Project Management Office and want to gain practical experience in a DAX40 company? Then apply and make life easier, safer and greener with us! We are looking forward to your application!

- **Thorough planning:** You will be required to ensure that internal and external links are easily maintainable by potentially using anchor links within the page, creating a centralized repository for external references, or employing other techniques to ensure the accuracy and up-to-date nature of the links
- **Shape the future:** You are responsible to offer an intuitive navigation system on the page, making it easy for users to move between different sections or pages within the Confluence space
- **Take responsibility:** You will play a key role in ensuring that the site is internally accessible to everyone while supporting editing by a group of editors and areas with restricted access
- **Reliable work:** You will need to ensure a clear and easy-to-follow structure for the new page by organizing the content logically
- **Identify needs:** You will be tasked with making finding content on the webpage easy for end users by potentially implementing a search functionality, creating clear navigation links, and using relevant labels and tags to categorize and group the content effectively

### Profile

- **Study field:** You are currently studying Web Design, Information Technology, Computer Science, Digital Media or similar
- **Skills:** You are familiar with Confluence and other similar content management systems, knowing how to create, edit, and manage web pages within the Confluence platform - basic understanding of HTML and CSS is a plus
- **Experience:** You have hands-on experience in web design and basic graphics, with a good understanding of web design principles, including the use of color, layout, and typography to create visually appealing and user-friendly web pages
- **Personality:** You should be able to work independently, be self-motivated, and proactively seek out guidance or resources when needed
- **Way of working:** You should have attention to detail for proofreading and editing content to ensure accuracy and consistency
- **Language skills:** You are fluent in written English communication is crucial for reviewing and revising existing content

### Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

### – You can find the headquarters of Infineon Technologies AG in Neubiberg –

In Campeon, besides working towards our goal of being one of the most sustainable companies in the world, we are improving everyone's future by making the technology of tomorrow.

At Infineon, we take work-life balance very seriously. You will be a step away from the center of Munich with its infinite possibilities. Whether you're a history buff, a foodie, or simply looking for relaxation in the city. Munich has something for everyone. Come and discover the warmth and charm of this city, where Bavarian hospitality meets modern urban living.

### We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant's experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
