#WeAreIn for driving decarbonization and digitalization.

As a global leader in semiconductor solutions in power systems and IoT, Infineon enables game-changing solutions for green and efficient energy, clean and safe mobility, as well as smart and secure IoT. Together, we drive innovation and customer success, while caring for our people and empowering them to reach ambitious goals. Be a part of making life easier, safer and greener.

Are you in?

At Infineon **Automotive (ATV)** - we shape the future of mobility – In our team, we together tell the story of Automotive - how microelectronics is driving decarbonization and digitalization and what Infineon stands for as a company. Our messages are conveyed through tailor-made communication content, both to internal and external target groups on the various channels. As a global communications team, we are responsible for seamless communication to all employees in the division, including in the regions. We are the central point of contact for strategic ATV communication and also act as creative consultants for the teams within the division's functions

We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant's experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.
Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
