

Driving decarbonization and digitalization. Together.

Pre-Sales Field Application Engineer (f/m/div)

Job description

To strengthen our customer relationships and expand our technical sales organization, we are looking for a Pre-Sales Field Application Engineer in Karlsruhe as soon as possible. Do you enjoy presenting complex technical topics in an understandable way? The customer is at the center of your thoughts and actions and you appreciate varied activities? Then we look forward to getting to know you!

In your new role you will:

- **Advise customers** on the topics of **embedded systems** (focus: Functional safety) and **cybersecurity**
- Support our sales team with **technical questions** and **project acquisition**
- Conduct **webinars, workshops** and **trainings**
- Act as a **link between sales and engineering**
- **Represent Hitex** at specialist events and trade fairs

Profile

Are you a team player and enjoy communicating with national and international contacts? You are interested in new topics, trends and technologies? Then you will fit perfectly into our team!

You are best equipped for this task if you have:

- A **degree in engineering** (computer science, information technology or similar) or a similar education
- Ideally **3 -5 years of professional experience** with a focus on the development of **embedded systems**
- **Good communication skills** and ability to interface with colleagues and customers
- **Fluent German and English skills** (written and spoken)

Why Us

#WeAreIn for driving decarbonization and digitalization.

As a global leader in semiconductor solutions in power systems and IoT, Infineon enables game-changing solutions for green and efficient energy, clean and safe mobility, as well as smart and secure IoT. Together, we drive innovation and customer success, while caring for our people and empowering them to reach ambitious goals. Be a part of making life easier, safer and greener.

Are you in?

Hitex GmbH operates independently as a subsidiary of Infineon Technologies AG and is a leading provider in the field of embedded systems. Everything comes together at the company headquarters in Karlsruhe: Development and production, sales, marketing and administration are all located here.

We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant´s experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
