

Driving decarbonization and digitalization. Together.

Internship: Project Management in Innovation, Funding and Cooperation (f/m/div)

Job description

Do you want to be part of a highly motivated and international team in a future-oriented company? Infineon Power & Sensor Systems (PSS) delivers future-oriented solutions to provide cutting-edge data transport and to make tools and systems smarter, smaller, lighter and more energy-efficient. This specific internship is suitable for students within a Master's degree program in Business Management, Communication Studies, International Management or similar! You are an entrepreneurial thinker, creative problem solver and like to drive things forward? Then we should get to know each other! Our team in Villach is looking forward to receiving your application!

In your new role you will support the team on daily tasks and strategic projects. Through this work, you will gain unique business and organizational insight into a leading technology company. Your responsibilities will include the following:

- Supporting, facilitating and documenting **projects** and **team meetings**
- **Data maintenance** on internal platforms and **communication management**
- Support with small **procurement tasks** such as purchasing of **components** or drafting of **contracts** with external partners
- Support for **ongoing activities**
- Co-organization of **events, conferences** and **workshops**

Further Information

Type of employment: Temporary / Part-time (flexible working hours from Monday to Friday between 6 a.m. and 7 p.m.)

Duration: min. 6 months

Profile

You successfully meet the requirements, if you are a motivated and committed **Master's** student from the field of **Business Management, Communication Studies, International Management** or similar. You are best equipped for this task if you additionally offer:

- Proficiency in the use of **Microsoft Office**
- Understanding of the working methods of **funding agencies** such as **FFG** or **EU Horizon** or a willingness to learn them
- Excellent communication and writing skills in **English, German** as a plus
- Ideally knowledge in the field of **innovation & technology management**

- CV
- Certificate of matriculation at a university
- Latest Transcript of records (not older than 6 months)
- Highest completed educational certificate (Bachelor certificate for Master students)
- Reference letter (optional)

Why Us

#WeAreIn for driving decarbonization and digitalization.

As a global leader in semiconductor solutions in power systems and IoT, Infineon enables game-changing solutions for green and efficient energy, clean and safe mobility, as well as smart and secure IoT. Together, we drive innovation and customer success, while caring for our people and empowering them to reach ambitious goals. Be a part of making life easier, safer and greener.

Are you in?

– Power & Sensor Systems (PSS) drives leading-edge power management, sensing and data transfer capabilities –

Infineon **PSS** semiconductors play a vital role in enabling intelligent power management, smart sensitivity as well as fast and reliable data processing in an increasingly digitalized world. Our leading-edge power devices make chargers, adapters, power tools and lighting systems smarter, smaller, lighter and more energy-efficient. Our trusted sensors increase the context sensitivity of “things” and systems such as HMI, and our RF chips power fast and reliable data communication.

We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant’s experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
