

# Driving decarbonization and digitalization. Together.

## Senior Staff Specialist Facility Management Data and Processes

### Job description

In this role you are part of a team rolling out the globally harmonized oneSAP template solution at our (production) sites. With the roll out of this solution, we are introducing the same processes for our major FM activities across all our locations.

In your new role you will:

- Maintaining and improving oneSAP PM application for all IFX Facility Management teams worldwide
- Align the implementation of new features / improvements in oneSAP for Facility Management with other global Core Team members and IT.
- Troubleshoot and summarize issues raised by FM and align actions and prioritization with other global Core Team members.
- Collaborate with key users to harmonize changes or system controls.
- Conduct training for the key users and review all the training material.
- Support with system upgrades and changes for oneSAP related to FM

### Profile

You are best equipped for this task if you have:

- Bachelor Degree in Business, Engineering, Information Technology, or related field
- Alternatively extensive experience in Facility Management
- Relevant professional experience contributing to projects of high complexity, ideally in a global environment and / or Facility Management or Plant Maintenance environment
- SAP experience especially with the SAP PM context will be advantageous
- Excellent English communication skills
- Willingness to travel is a must including extensive business trips to respective roll-out sites
