Internship: Microcontroller post silicon validation

Job description

In general we are looking for students (f/m/div*) with the willingness to work in a challenging environment within a highly motivated international team. This specific job is suitable for students within technical studies in the field of electronics, mechatronics, software engineering or similar . Apply now!

This internship requires flexibility and good time management skills, as well as a genuine interest in learning new topics. During the internship time the student will gain valuable hands-on experience on the latest automotive microcontroller development from a market leader semiconductor company.

In your new role you will:

- **Prepare testbenches** (high accurate and modern lab equipment)
- **Prepare testcases** (gain knowledge for µC, peripheral, automation and modules)
- **Execute testcases** (work as part of a community who is validating the newest generation of Infineon Automotive microcontrollers)

Further information:

Type of employment Temporary / Part-time or Full-time
Start: February 2021
Duration: min. 6 months

Profile

We are looking for students (f/m/div*) with the willingness to work in a dynamic environment within a highly motivated international team. This specific job is mainly suitable for students within technical studies in the field of **electronics, mechatronics, software engineering** or similar. You are best equipped for this task if you additionally offer:

- **Knowledge** in using **lab equipment**
- Basic **programming** (language C/C#/C++)
- Good **English** skills

This position is subject to the collective agreement for workers and employees in the electrical and electronics industry. Bachelor students receive a compensation of **1.914,45 Euro** gross p.m. (Full-time basis for Bachelor students) and Master students receive a compensation of **2.242,19 Euro** gross p.m. (Full time basis for Master students).

Please attach the following documents (german or english) to your application:

- Motivation letter
- CV
- Certificate of matriculation at a university
