

## Principal Test Engineer

### Job description

In this role, you will own the ATE programs and you will use your testing skills of developing, debugging, characterizing test programs for digital/Mixed-signal blocks. You will have the opportunity to be part of the unique and global division. This position can be based out at Lynnwood, WA OR San Jose, CA

#### In your new role, you will:

- Manage **Automated Test Equipment** programs and hardware, including product characterization and device/wafer level test for SoC products
- Develop, debug, characterize test programs for **digital/Mixed-signal blocks**. Requires thorough experimental/mfg.design knowledge (DOE & SPC) and has a solid understanding of process/design/test integration.
- Resolve customer application problems.
- Create multiple new design test programs and made major manufacturing improvements in existing products
- Be responsible for completing the product performance, datasheet compliance matrix through all rounds of design optimization and customer product sampling.
- Provide test engineering expertise and troubleshooting support
- Drive device and package qualification for new product development, fab, assembly, and production transfer.
- Participate in **1st Si debug**, yield and Test time improvement, work closely with test and design engineers to release product to full production.
- Manage customer returns and RMA process and drive timely closure
- Able to run cross-functional meetings with project team members and across sites.

### Profile

#### You are best equipped for this task if you have:

- At least 7 years of experience in **ATE test** solution development
- BS/MS Electronic/Electrical engineering, Computer science
- Experience in digital and analog product test development
- Experience in VBT, C++, JAVA, and Python
- Experience SoC test development
- Digital/Mixed-Signal test development

- Knowledge of uFlex and SmartScale testers
- Knowledge of SmartScale testers preferred

## Benefits

- **San Jose, CA:** Medical, Dental & Vision Plans; Flexible Reimbursement Accounts (FSAs); Industry leading 401k Employer Contribution/Match; Company Performance Bonus; Holiday Pay & Paid Time Off (PTO); Flexible Working Conditions, Part-time Options; Different career paths: Project Management, Technical Ladder, Management & Individual Contributor; Wide range of Training Offers & Career Development Planning; Coaching, Mentoring, Networking Possibilities; International assignments; Basic Life & Dependent Life Insurance; Paid Sick Leave, Accidental Death & Disability Insurance (AD&D) ; Short-term & Long-term Disability ; Employee Assistance Program (EAP) ; Health Promotion Programs ; Reduced Price for Public Transportation

## Why Us

### Part of your life. Part of tomorrow.

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

*The Connected Secure Systems (CSS) segment offers comprehensive systems for a secure, networked world with a portfolio built around reliable, trendsetting microcontrollers as well as wireless connectivity and security solutions. Over the past decades, CSS has developed microcontroller, Wi-Fi, Bluetooth and combined connectivity solutions (known as connectivity combos) and hardware-based security technologies. The products are used in a broad range of applications: from consumer electronics, IoT and home appliances to IT equipment, cloud security and networked cars all the way to credit and debit cards, electronic passports and IDs. With its leading technologies in the areas of computing, connectivity and security, CSS makes a decisive contribution to protecting today's and tomorrow's networked systems.*

*Cypress Semiconductor Corporation is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex (including pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.*

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your onboarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

**IMPORTANT NOTICE:**

*Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.*

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
