

Engineering Booster Program

Job description

Engineering Booster Program (EBP), one of the initiatives by Infineon Melaka in nurturing fresh talents with 6 months of comprehensive training to expose new engineering graduate to the world of semiconductor. This program offers an excellent opportunity in exposing yourself in the REAL LIFE WORK projects and thus it will contribute greatly to your work experiences.

Programme Structure (6 months - hands on training):

- Familiarization & General Training
- Process Engineering
- Maintenance / Equipment Engineering

Benefits & Outcome:

- Competitively paid while training.
- Market driven compensation/benefits.
- Industry recognized competencies.
- REAL LIFE WORK projects and thus it will contribute greatly to your work experiences.
- And many more

Profile

You are best equipped for this task if you have:

- Degree / Master in **Electronics & Electrical, Mechanical, Mechatronics, Chemical, Physics with CGPA of 3.0 and above.**
- High passion on Process & Equipment Engineering.
- Good interpersonal skills, written and verbal communication skills and a good team player.
- **Fresh Graduates /Graduates with 1 year relevant working experience are welcome to apply.**

Why Us

Part of your life. Part of tomorrow.
