

Senior Staff Specialist Digital Properties Analyst

Job description

Do you have the skillset to thrive in a high-paced environment? If you have the skillset to match design, registration path, and monitoring analytics with excellent communication skills, this will be the perfect opportunity! Apply here at Infineon today!

In your new role you will:

- Plan, implement, support, document, and maintain the digital customer registration system (CIAM)
- Lead and coordinate all business aspects of digital customer registration including preplanning, design, registration path, monitoring/analytics, and optimizations of existing and new CIAM systems
- Develop procedures and establish regular stakeholder meetings to align and collaborate with other cross organizational experts in product lines, global legal, customer data platform (CDP), digital strategists, and data engineers on customer data platforms integrations and technical implementations to create actionable requirement documents for vendors
- Be responsible for evaluating access management systems to show continued improvements of provision processes and operations
- Improve UX by designing an unobtrusive, progressive registration process to facilitate personalization
- Conduct and review tests of registration systems to verify performance and quality standards
- Keep up to date on registration trends and technologies, regularly performing competitor analysis to benchmark activities

Profile

You are best equipped for this task if you have:

- Strong knowledge of Identity/Access Management technologies
- Knowledge on the identity platforms like PING or OKTA
- The ability to deliver end-to-end solutions from inception through implementation and maintenance
- Experience in leading cross-functional (preferably international) teams
- A strong data-driven approach to problem-solving
- The ability to simultaneously support small and large scope projects
- The ability to effectively work and collaborate in a fast-paced, multi-tasked, and matrixed environment

Why Us

Part of your life. Part of tomorrow.

We make life easier, safer and greener – with technology that achieves more, consumes less and is accessible to everyone. Microelectronics from Infineon is the key to a better future. Efficient use of energy, environmentally-friendly mobility and security in a connected world – we solve some of the most critical challenges that our society faces while taking a conscientious approach to the use of natural resources.

Cypress Semiconductor Corporation is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex (including pregnancy, childbirth, or related medical conditions), gender identity, national origin, ancestry, citizenship, age, physical or mental disability, legally protected medical condition, family care status, military or veteran status, marital status, domestic partner status, sexual orientation, or any other basis protected by local, state, or federal laws. Applicants with questions about access or requiring a reasonable accommodation for any part of the application or hiring process should contact the Talent Network by phone at (408) 503-2194.

Employment at Infineon is contingent upon proof of your legal right to work in the United States under applicable law, verification of satisfactory references and successful completion of a background check and drug test, and signing all your onboarding documents .

In some instances, if applicable, U.S. export control laws require that Infineon obtain a U.S. government export license prior to releasing technologies to certain persons. This offer is contingent upon Infineon's ability to satisfy these export control laws as related to your employment and anticipated job activities. The decision whether or not to submit and/or pursue an export license to satisfy this contingency, if applicable, shall be at Infineon's sole discretion.

IMPORTANT NOTICE:

Infineon is requiring all new U.S. employees and contractors to be fully vaccinated against COVID-19. Full vaccination is defined as two weeks after both doses of a two-dose vaccine or two weeks since a single-dose vaccine has been administered. Anyone unable to be vaccinated, either because of a sincerely held religious belief or a medical condition or disability that prevents them from being vaccinated, can request a reasonable accommodation.

Infineon Technologies takes data privacy and identity theft very seriously. As such, we do not request personally-identifiable information (PII) from applicants over the internet or electronically. Please kindly refrain from disclosing your PII electronically during the application process or to unauthorized websites that may purport to be Infineon or any of our affiliates.
