

Staff / Senior Staff Engineer - Test Development

Job description

We are looking for a Staff/ Senior Staff Engineer - Test Development to prepare and develop test program definition for both wafer and package test for our ATV division.

In your new role you will:

- Prepare and develop **test program definition** for both **wafer and package test**
- Ensure **compliance** to **test program procedures and releases to production**
- Liaise with different **stakeholders internally and externally** to ensure test programs are released accordingly per project schedule and deliverables
- Able to **deep dive technically and debug test programs** issues to ensure timely deliveries
- Able to communicate at all levels and updates of status per required

Profile

You are best equipped for this task if you have:

- Bachelor's Degree in Electrical and Electronics Engineering
- **Knowhow in microcontroller** is an added advantage
- Knowledge in **v93k tester platform** and **burn in stress testing** environment
- Good in troubleshooting skills
- **Python, C++, VBA, and VB.net** programming skills needed
- Good in communication skills and presentation for both technical and project status.
- Fresh graduates are welcome to apply.

Why Us

Part of your life. Part of tomorrow.

Infineon is a world leader in semiconductor solutions that make life easier, safer, and greener. Our solutions for efficient energy management, smart mobility, and secure, seamless communications link the real and the digital world.

In accordance with the requirements set by the Singaporean Government, Infineon Technologies Asia Pacific Pte Ltd ("Infineon") can only allow individuals who are (a) fully vaccinated, (b) certified to be medically ineligible for a vaccine or (c) have recovered from COVID-19 within a prescribed period, onto company premises.

Therefore, Infineon requires all new employees, as well as contractors and business partners, to be fully vaccinated against COVID-19. "Fully vaccinated" means individuals have completed the full regime of an approved COVID-19 Vaccine as listed under the World Health Organization (WHO) Emergency Use Listing (EUL) including the respective post-vaccination period to ensure the vaccine has become full effective. Anyone who is unable to be vaccinated due to an approved and/or recognised exemption condition may apply for special consideration.
