

Driving decarbonization and digitalization. Together.

Internship - Tax

Job description

The student, under the guidance of an assigned mentor, would gain exposure to the works of the tax team in areas of tax accounting, corporate tax return filings, good and service tax return filings, transfer pricing report, and tax control framework. The student would also undertake projects on workflow automation and process improvement.

In your new role you will:

- **Verify, extract and analyze information** for the preparation of tax work schedules
- **Render support in filing** quarterly GST returns and annual corporate income tax return to IRAS
- **Assist in performing GST health checks** and ensure that the company is GST compliant
- **Render support in preparing transfer pricing report** for the company and its related entities
- **Prepare relevant tax and/or reconciliation schedules** for auditors
- **Undertake projects on workflow automation and process improvement**
- Render support in ad-hoc duties

Internship learning outcomes:

- **Application and reinforcement of knowledge** in analysis of financial statements for tax purposes
- **Understand the process of corporate tax, GST and/or transfer pricing compliance**
- **Gain exposure to workflow automation and process improvement** projects using relevant tools (e.g. KNIME, etc.)
- Gain **hands on experience of SAP accounting software**
- **Enhance soft skills** such as communication, presentation and time management skills
- **Enhance interpersonal relations** across departments and management of situation in team settings through problem solving follow up and resolution of issues
