

# Driving decarbonization and digitalization. Together.

## Trainee Program - Service Management & Automation (f/m/div)

### Job description

Make IT happen! Our IT and software specialists in Klagenfurt work with state-of-the-art IT solutions in global teams and create value for the entire Infineon Group. Join us and take advantage of an individual job rotation to start your career at Infineon!

Shape the future with us and actively contribute to the development and operation of state-of-the-art IT solutions in global and dynamic teams. The solutions created are pioneering for the IT landscape within the entire Infineon Group.

Join our **Trainee Program** and benefit from an individually designed **orientation phase, training and networking activities**. In a 24-month program, you will get to know our semiconductor group and the associated IT infrastructure and immerse yourself in the globally networked IT operations of our group. In **regular feedback loops**, we will support you in your **professional development** and ensure your **success in your position**.

In the area of **Service Management, Automation & Monitoring** you will be involved in the design, implementation and operations of global services in our service management platform solutions. You can bring in your skills in development and reporting activities across global services.

In your new role you will:

- **Implement** cross-service **reporting solutions**
- **Develop** state of the art **web applications** and **interfaces**
- **Operate solutions** through entire service lifecycle (design, build, run)
- **Operate and configure applications** on container platform, e.g. OpenShift

### Profile

You are best equipped for this task if you have:

- A **degree** (Bachelor or Master) in **Computer Science, Informatics** or similar
- Experience in **database- and reporting technologies** e.g. MS SQL
- First experience in **software development** (e.g. in .NET, Angular) and **agile frameworks**
- Container **know-how in OpenShift** (as an advantage)
- First experience in **integration of various kind of systems** (REST, web services, etc.)

We offer competitive salaries and additional benefits based on your performance, experience and qualification. The employment is in accordance with the collective salary and wage agreement for employees of the electrical and electronics industry, employment group F (<https://www.feei.at/wp-content/uploads/2022/05/minimum-salaries-white-collar-workers-2023.pdf>). The monthly salary is paid 14 times p.a. We offer a higher compensation depending on your expertise and skills.

## Benefits

- **Klagenfurt:** Coaching, mentoring networking possibilities; Wide range of training offers & planning of career development; International assignments; Different career paths: Project Management, Technical Ladder, Management & Individual Contributor; Flexible working conditions; Home office options; Part-time work possible (also during parental leave); Sabbatical; Child care in Villach & Klagenfurt; On-site social counselling and works doctor; Health promotion programs; Discounted lunch possibilities; Private insurance offers; Corporate pension benefits; Flexible transition into retirement; Performance bonus; Accessibility, access for wheelchairs

## Why Us

### Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

The **Information Technology** department has become an important business advisor for Infineon, converting business requirements into great IT solutions. It is responsible for provisioning hardware and software solutions at benchmark costs for all areas within Infineon reaching from office users to research & development, to frontend and backend production around the globe. More than 1000 IT-colleagues work closely together with other business areas and external partners. They increase the efficiency of business processes offering more than just modern equipment, secure infrastructure and newest communication solutions.

The provincial capital **Klagenfurt**, in the heart of Carinthia, impresses with its liveliness, culture, numerous events and sights. The southern climate with the pictorial Wörthersee, the close link between urban infrastructure and rural areas as well as the proximity to Slovenia and Italy make Klagenfurt particularly livable.

### We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant's experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
