

Senior Manager, Strategy, Mergers & Acquisitions (Location: Tokyo)

Job description

(

In your new role you will:

- **Represent Infineon to initiate and maintain ecosystem partnership to bring Infineon's footprint one step further in Japan, by becoming an ecosystem hub in mid-term and solidifying presence in long-term, e.g., start-up and government engagement, hosting innovation event, etc.**
- Structure and manage global and/or regional projects with moderate to high complexity, risk, or impact, after initial guidance by him-/herself. Openly listen to different perspectives, coordinate the discussion of stakeholders and drive outcomes via alignment.
- Develop macro market, competitor, and industry value chain intelligence as a navigation for global corporate management team, with opportunities to represent Infineon to engage with governments, analysts, consultants, or other industry bodies.
- Be a strategic advisory for regional leadership team, e.g., support strategic frameworks to regional leaders, organize strategic discussion platforms with regional leadership team.
- Be a strategic advisory for regional talents, e.g., provide mentorship to regional talents including interns and new grads, and contribute to global strategy community platform to enhance strategic competencies among the team.
- Proactively explore leading-edge technologies, frameworks and tools, e.g., AI, etc., and flexibly
